School Meals

All school meals in the Dining Hall are compulsory for all years, who must attend unless prior arrangements have been made with the Houseparent.

The Sixth Form are allowed to have breakfast and lunch either in the Dining Room or in Westmorland House.

House Kitchens

House kitchens are available to pupils at break time and during the evening from the end of prep at 8:00pm until 9:30pm.

Kitchens are out of bounds at lunchtime and from 4:45pm to prevent any usage that may interfere with pupils attending set meals. The exception to this is for Sixth Form pupils at weekends when the kitchen is open.

Matron will, however, always unlock the kitchen, where possible, when requested if a pupil would like to make a hot or cold drink or snack.

Take-Aways

Take-aways are allowed at the discretion of the Houseparent. These should not be a substitute for school meals.

The Sixth Form can cook in the kitchen or visit restaurants in the village at weekends.

Exceptions may be made at the staff's discretion; for example, in the case of a fixture overrunning and supper being unavailable, or for an occasion such as a pupil's birthday.

Food must never be ordered or eaten during prep time by any year group.

18.LAUNDRY

Matrons will oversee the laundry process in conjunction with the House Keepers.

Lower School pupils washing is completed in the House Laundry. All laundry must be placed in the laundry bags by the end of prep break of the previous evening and will be laid out in systematic piles, as directed by Matron. Items must be clearly named to avoid loss.

Sixth Form pupils complete their own laundry in the Sixth Form Laundry. Matron will be happy to assist pupils who do not know how to complete their laundry or how best to press their clothes.

All pupils are expected to change their sheets and duvet cover each week whilst at school.

Items can also be left with Matron for dry cleaning at the end of each half-term. The cost for this can be added to the pupil's school bill.

19.FINANCIAL MATTERS

Budgets

An annual budget is allocated to each boarding House. Pupils are encouraged to feed back their thoughts to their Houseparent on possible items for expenditure, and to use the House Council Meetings to suggest new ideas.

Pocket Money

We encourage all boarders to open a bank account and to use cashless payment systems. Where overseas boarders are concerned, a letter of introduction is usually required from the House for them to be able to open an account. The school can provide a standard letter which will assist with the opening of a bank account. House staff can support in the opening of a bank account if required. For those who are unable to open a bank account, pocket money should be sent to the Finance Department. The amount of pocket is a matter for parents and their children but should not be excessive.

20. TRANSPORT

Transport Plans

All parents must inform the Houseparent at the start and end of each term what the travel plans are for their child. This should ideally be by email to the Houseparent. Parents should ensure that travel tickets are booked well in advance so that pupils are not missing important lessons, meetings, induction and social events at the beginning and the end of each term. If the period of extra leave required exceeds 24 hours, then permission must be sought directly from the Deputy Head.

Taxis

Families are required to book their own taxis if one is required. The school recommends the use of Lakeside Taxis who have DBS checked drivers. The contact details for Lakeside Taxis are:

Pupils' wishes are taken into account in the allocation of rooms to pupils with the Houseparents using their professional judgement to make a final allocation.

Privacy and Personal Space

Pupils do not have authority to enter other pupils' study bedrooms without either the express permission of the pupil concerned, or that of the Houseparent.

All House members, including staff, will knock before entering pupils' rooms. No visitors from other Houses are allowed into pupil's bedrooms at any time unless given the exceptional permission of the Houseparent.

First offences will be dealt with the Houseparent. Second or further offences will be dealt with by the Deputy Head.

23.SANCTIONS

Boarding house sanctions relate to incidents out of school hours and work alongside the normal sanctions of the school within the school behaviour policy. We expect boarders at Windermere School to behave with responsibility. However, we understand that the teenage years are a learning experience. If you do make a mistake, we expect you to learn from it, act on and listen to advice and avoid making similar mistakes in the future. Every incident will be dealt with on an individual basis, but some examples of possible sanctions in boarding are shown below:

	Example	Potential Sanctions

24.FEEDBACK & COMPLAINTS

Feedback

In every Boarding House, pupils can bring suggestions or complaints to the attention of the Houseparents' or the Boarding Council. All suggestions will be considered and discussed respectfully. Suggestions are seen as positive opportunities for improvement; no pupil will ever be penalised or criticized for making suggestions or complaints about any matter.

Complaints

The School's Complaints Procedure is available in hard copy to all pupils in the Houses and is publicly available on the School Website.

For boarding matters, complaints or concerns should be raised in the first instance, with the Houseparent who are always willing to listen to feedback, suggestions for improvement and concerns.

If a parent or pupil feels this does not resolve their concerns, complaints can be passed to the Deputy Head.

A written record will be held as per the requirements of NMS and the school complaints policy.

25.INDUCTION

New boarders and boarders moving to a new House follow an induction programme at the start of each academic year or when they arrive. Topics include:

- General life in Boarding
- Safeguarding
- How to contact an adult
- How to raise a complaint
- Kitchen and Laundry including health and safety
- Spiritual needs
- Role of the House council

An Induction form is given to each new boarder and is used to ensure all topics are covered.

26.ANTI-BULLYING

Bullying

Bullying is a form of anti-social behaviour; it is wrong and it will not be tolerated. As such, any bullying complaints will be dealt with firmly, fairly and promptly. Boarding follows the Windermere School Anti Bullying Policy which is available on the school website

Online Bullying

Boarding follows the Windermere School Acceptable Use Policy (AUP) which is available on the school website. Online bullying is not acceptable at Windermere School and includes examples such as:

- sending threatening or abusive text messages
- creating and sharing embarrassing images or videos
- 'trolling' - the sending of menacing or upsetting messages on social networks, chat rooms or online games
- excluding others from online games, activities or friendship groups
- setting up hate sites or groups
- sending explicit messages, also known as sexting
- pressuring children into sending sexual images or engaging in sexual conversations.

What to do if you are bullied

If you are being bullied, do not keep this to yourself. Share what has happened with a trusted adult so the situation can be resolved. You should talk to whoever you feel most comfortable in reporting this to. This could include:

- Your Houseparent or Assistant Houseparent
- Matron
- A Boarding Tutor
- Mrs Brown, Head of Safeguarding & Wellbeing

27.DIVERSITY & INCLUSION

Our Boarding Houses are a wonderful diverse community of different beliefs, backgrounds and cultures. Individuals are encouraged to recognise the benefits this brings to enriching the life of the school.

Members of the community value each other, respect individuality and treat one another fairly and with kindness.

The Boarding Houses do not discriminate on the grounds of protected characteristics which are defined in the Equality Act (2010). These include

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

Spiritual Provision

The school is not a religious establishment and accepts pupils of all faiths and none. The Houses will discuss pupils spiritual and religious observances at induction, should the pupil wish to enter into such a discussion.

We make every effort to provide support to pupils, such as enabling them to observe religious festivals, eat according to their religious doctrines and attend appropriate places of worship.

At no time will pupils of one faith be expected to attend religious ceremonies from another faith in contravention of their beliefs. Every pupil's belief will be respected and valued by the school and there will be no religious discrimination against pupil under any circumstances.

28. INFORMANTION TECHNOLOGY

Mobile Phones and Devices

We define 'devices' as any item that can be used to access the internet. This ever-growing list includes mobile phones, laptops, I-pads, 'dongles', Game Console, Desk top computers, Smart Watches and Routers.

The school recognises both the benefits and the challenges presented by modern technology for the education of students. The school has an Online Safety Policy available on the school website and in school and all pupils are expected to read the 'Acceptable Use Policy' annually and sign a declaration confirming that this has been accepted by the pupil. The existence of digital equipment in any environment raises issues of security and personal responsibility, not only in terms of its appropriate use but also for its safe keeping. In this context the school does not accept responsibility for, nor is it insured against the theft, loss or damage of any pupil's personal property, including electronic devices.

The school has a separate mobile phone policy which operates during the school day.

After school, in the Boarding House, mobile phones are used to the Houseparent discretion. Use is monitored. In Langdale and Browhead boarders must hand in all devices before bedtime. Mobile phones are not permitted in the Dining Room.

Online Safety and use of VPN

Windermere School has an Acceptable Use Policy (AUP) which is available on the school website. As part of this, WI-FI is filtered and monitored in line with our duty to protect pupils from harm and to prevent access to inappropriate content. A report is sent to the DSL of any concerns identified in this monitoring. Pupils at Windermere School are education on how to use the Internet safely. We do not allow boarders to use a private VPN as in doing so, they are able to avoid the monitoring and filtering systems.

Devices and Sleep

A study by Digital Awareness UK explored the use of mobile devices overnight and the impact this has on the health and wellbeing of teenagers. The survey found 45% of pupils checked their mobile device after going to bed. Pupils reported to the survey that they are often exhausted due to their mobile devices flashing, buzzing and pinging throughout the night telling them what they've been tagged in, invited to or who's messaged them. In line with most other boarding schools, we will therefore expect lower school pupils to hand in their devices overnight to ensure they are well rested for their studies the following day.

29.ACADEMIC SUPPORT

The Boarding Houses are predominantly boarding pupils' homes whilst in the school. However, the Houses play a pivotal role in the academic achievement of pupils. In all Houses students spend time with academic tutors and teachers on a daily basis. Tutors are primarily in the Houses to build constructive relationships with their pupils. This may be through trips, social activities, and / or academic mentoring and additional, informal tutoring sessions.

In particular, the Sixth Form benefit from more formalised, planned academic sessions on week nights to support their studies in the International Baccalaureate. These sessions however are not simply additional lessons but are meant to inspire and extend pupils enjoyment of their subjects and learning in general.

Pupils' personal tutors regularly visit their pupils Houses to observe their home working environment and gain a sense of how they function outside the classroom; this can be of great help to improve the efficiency of a pupil's work and to offer pastoral support.

Academic Responsibilities

Every pupil has the potential to succeed in their academic work. At Windermere we promote enjoyment of learning and individual pathways that give pupils a greater chance of succeeding in their chosen careers and the satisfaction and fulfilment that comes from success. Teachers are sources of inspiration and are here to help every pupil.

We also encourage pupils to support their peers with their work and help to create a supportive, encouraging and stimulating environment that creates a genuine and thriving learning community. Every pupil is expected to work hard and give of their best and to 'opt in, not out' of activities, learning and the wider community.

30.ENRICHMENT

Windermere School is a wonderful place to spend time in with a range of facilities for pupils to use, these include:

- Study Areas
- Social and TV Lounge
- A Kitchen area for making snacks and drinks
- Pool Tables, Books and Games.
- Outdoor garden space
- Gym
- Tennis Courts
- Astro pitch
- Indoor Sports Hall
- Beautiful grounds for walking

Windermere School Clubs

Windermere School offers an excellent range of clubs and activities after school A full list is published each term. Boarders must attend an activity after school each day or attend Prep in the Boarding House.

External Clubs

Some Boarders choose to attend an external club in the local community. This requires both parental permission and a risk assessment completed by Mrs Monk.

Weekend Activities

The Boarding Houses offer a range of activities and events throughout the year. These range from social and cultural activities such as ten-pin bowling; ice skating, theatre and cinema trips, museums and galleries trips, sporting events and shopping. The cost of such trips can be put on the school bill although personal expenses should be covered by individual boarders. All activities and trips are supervised by members of the teaching staff and/or the boarding community. There are some weekend sports opportunities available for those who prefer to remain on site.

A list of weekend activities is on the next page.

If a commitment has been made to any weekly or weekend activity, there must be a good reason for non-attendance and the information should be communicated formally to the appropriate Teacher or Houseparent.

32.SAFTY & SECURITY

Windermere School offers a safe and secure place for boarders to be. Our measures include:

Duty Staff

There is always a member of staff on duty 24 hrs/day in Boarding that can help and support pupils. All staff live in private flats which pupils are not permitted to enter. All staff who work in Boarding have undergone a DBS, check and receive training in looking after boarders. A Senior Member of Staff is always available to support boarding staff if required.

CCTV

CCTV is installed at entrances and exits to the school and to each boarding house. Houseparents' have access to live footage. Stored footage can be viewed via the General Services Manager, Mr Nevil Jeffery or the Network Manager, Mr Darren Hitchen. This will be subject to GDPR and Data Protection policy and only stored if required on SIMS. Stored footage can only be viewed for safeguarding or behavioural issues.

Security

Pupil entrances have coded locks and key codes for security doors into and out of the House. Codes are changed regularly.

External doors must always be closed securely not left on the latch, or propped open. Pupils are instructed not to give the code combination to any other individuals from outside their own House. Sixth Form pupils are encouraged not to share the security codes to their flats. All external doors are locked overnight.

Alarms

The duty member of staff set the alarm at the end of the evening and deactivates it first thing in the morning.

Vigilance

The safety of pupils is ultimately ensured by the vigilance of the whole community. On Boarding Duties, the priority for all tutors and staff is the supervision and safety of pupils.

Co-Educational Sixth Form Boarding

Westmorland House is home to both male and female pupils. The House is arranged so that flats occupied by males and females are in different areas. To ensure that Sixth Form pupils are not coerced into unwanted or inappropriate behaviour no male pupils may enter flats of female pupils or vice versa. There are no exceptions to this rule. Co-educational social and common areas are available in the house.

Hazardous Items

The Boarding Rules section of the Handbook outlines what items are not acceptable in boarding. All other electrical items are PAT tested. If Matron/House staff see any prohibited or out of place items they will be removed immediately and stored safely until the end of term where they will be returned to either parents or guardians, but not directly to students.

PAT Testing

All electrical equipment brought into House must be tested centrally to ensure that items comply with standard safety regulations. This testing is organised by the Maintenance Team and takes place each September. Any new electrical items brought in subsequently must be handed initially to the Houseparent for testing.

Health and Safety

Health and Safety issues is a standard agenda item during the weekly boarding meeting. All members of boarding staff are asked to report any concerns immediately. The Boarding House has risk assessments in place to ensure the safety of boarding pupils. In addition to this:

- Matron makes a regular check of critical areas for items such as trailing wires, window blocks, fire extinguishers and adaptor plugs.
- All medication is kept in accordance to the Medical Policy.
- A First Aid kit and inhaler is easily accessible in each boarding house.
- A defibrillator is available in the main office and sports centre and staff trained in their use.
- External Health and Safety visits by the Facility Manager take place on a regular basis.

33.ROLL CALL

The Boarding House register boarders at regular points throughout day, ensuring the Houseparent has 'eyes on' contact to ensure pupils are safe and well. Times of the day are:

- Before School - 8:00
- After School - 16:20 in house or at afterschool activity
- Evening - 18:45
- Heads on Beds / Lockup, prior to the alarm being set.

In addition, pupils are registered at School Reflection (08.30), during the school day (13.55) and at the start of each lesson. Registers are also completed during evening activities.

All registrations are face-to-face.

Boarding House access during the school day

Langdale and Westmorland common rooms are used during some break and lunch times as social areas for day and boarding pupils.

Otherwise, boarders are not allowed to return to their House during lesson time unless they have been specifically directed to do so by the Nurse, Matron or their Houseparent.

Sixth Formers should use the sixth form centre for study periods. Special plans are put in place during exams.

Visitors to the Boarding House

Any visitor to the Boarding House must immediately report to the Houseparent on arrival and sign the Visitors Log on arrival and departure. All visitors must be accompanied at all times and must not be left unattended. All visitors must use the designated staff/visitor toilet. As an exception to this rule, additional supervision is put in place at the start and end of terms to allow families to collect belongings and help settle their son or daughter into their room.

Visiting another Boarding House

No pupil may visit another boarding House without the permission of their Houseparent and the agreement of the member of staff on duty in the destination House. The pupil must report directly on arrival and sign in to the House in the visitors' book.

34.OFF SITE LEAVE

Leaving the school site

Leaving the school site requires the permission of the Houseparent who will risk assess the activity and use their discretion in allowing the visit.

Westmorland (Years 12-13)

During the week, years 12-13 are permitted to visit the SPAR garage or Choices Gym in Troutbeck Bridge after 8pm. During the weekend, Westmorland Boarders are permitted to have local leave and overnight leave with the permission of a Houseparent. Guidance on each of these categories is below.

Langland and Browhead (Years 7-11)

Off-site leave is not permitted during the week. Lower school boarders may have local leave on a Saturday afternoon, during a quiet weekend at the Houseparents' discretion or overnight leave during the weekend. Exceptional circumstances are to the discretion of the Houseparent. Guidance on each of these categories are below.

Troutbeck Bridge eg. SPAR/Choice Gym

- Requires Houseparent permission
- Lower school boarders must be in a small group of 3 or more
- Use a torch and high visibility jacket on Sun Hill from dusk
- Take great care when crossing Ambleside Road and pay particular care to vehicles entering or leaving the school site
- Pupils must sign in and sign out

Local Area eg. Windermere/Bowness/Kendal

- Requires Houseparent permission
- Lower school boarders must be in small groups of 3 or more
- No student may walk along Patterdale Road to go to Windermere at any time
- Pupils should use the path through St Katherine's woods in daylight and use a taxi after dusk
- No pupil may go to Miller Ground
- No pupil under 18 may enter any public house, off-licence or betting shop.
- Sixth Form pupils may sign out to a designated venue for a set period of time, such as for a meal. Those over 18 can consume up to two alcoholic drinks (beer or wine). Pupils under 18 cannot consume alcohol, under any circumstances.
- Pupils must sign in and sign out

Overnight Leave

Boarding pupils may wish to go home or stay overnight with friends at the weekend. For this to be permitted the Houseparent needs to have received written consent (normally email) from both the parents/guardian and the hosting family. The email should include the following details:

- Where the pupil is going and with whom?
- When is the pupil leaving (date and time)?
- By what means are they getting there?
- When will the pupil be returning (date and time)?
- By what means will they be returning?
- Contact addresses and telephone numbers of the place they are staying

Pupils play a pivotal role in organising weekend leave and are expected to seek permission from the Houseparent to get an agreement in principle. They must also check with the Houseparent that everything is in place and sign out before leaving. To avoid disappointment this process needs to be completed at least 24 hours in advance of the time the pupil wishes to leave site.

When permission is granted, it is an expectation that parents have made the necessary checks to authenticate the pupil's request and are assuming responsibility for their child. The Houseparent will be granting permission on this understanding and will presume that these reasonable parental responsibilities have been met.

Leave during the week

The school provides a very full programme of activities for boarding pupils during the week, leaving little free time. Weekly leave can therefore only be approved in exceptional circumstances with the permission of the Houseparent.

35.GUARDIANS

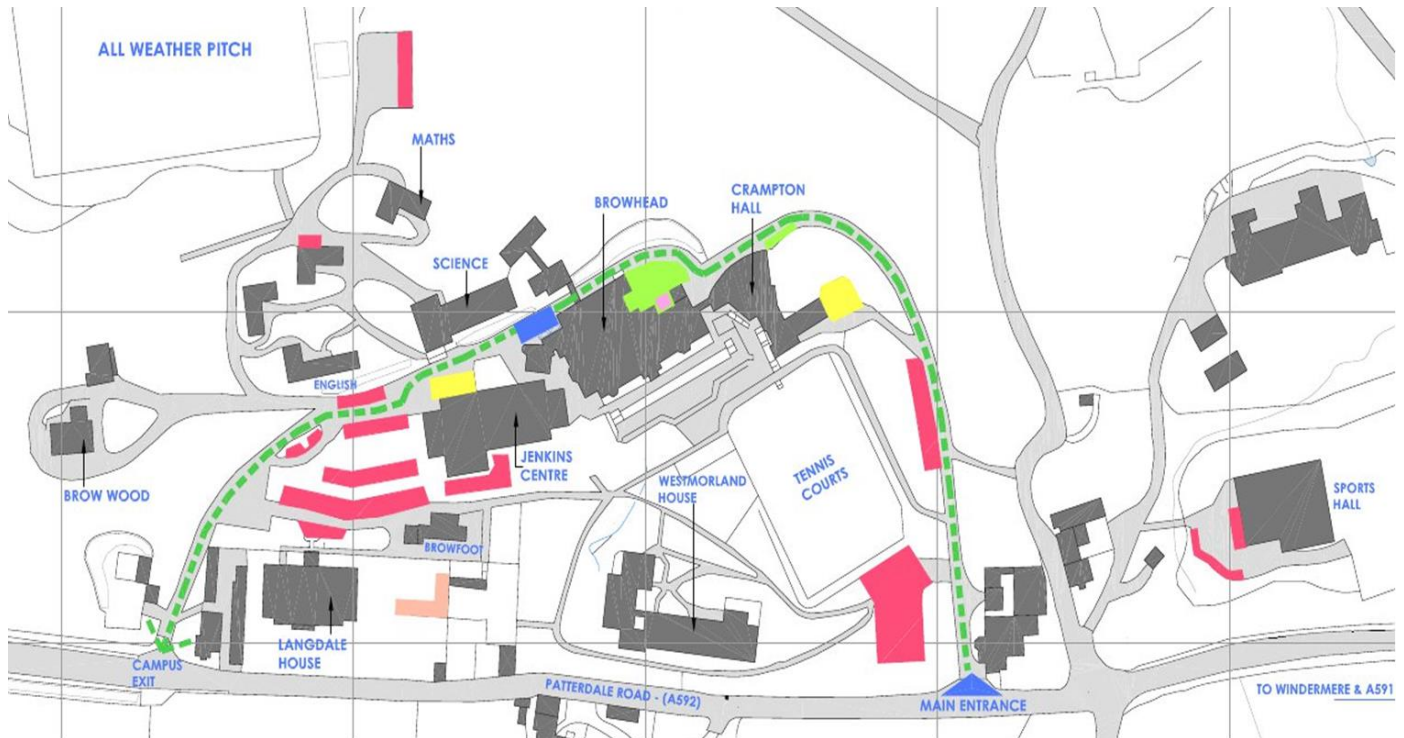

To ensure we are compliant with National Minimum Standards (NMS) and Windermere School regulations, every boarder must have a named adult they can stay with during school holidays or in the event of a pastoral, boarding or medical emergency. For some children this will be their family home or that of a relative and for others, particularly international boarders this may be a Guardian who is employed for this purpose.

Due to the nature of this role, the Guardian must live within a reasonable travelling distance of the school.

Recent legislation requires the school to check that each boarding pupil has a named Guardian and confirm that the arrangements are suitable and safe.

Families must inform the Houseparent who the Guardian is for their son or daughter, at the start of the academic year.

36. MAP OF THE SENIOR SCHOOL CAMPUS

The following areas are out of bounds at all time:

- Staff accommodation
- Science Labs and Stores
- School Kitchens and Stores
- Sports Store
- Boiler and Maintenance rooms
- The Quarry
- The North Lodge maintenance and garden stores.

Pupils are not allowed to use the Astroturf at any time unless they have been given permission by a member of staff.

The Sports Hall and Gym (fixed weights and free weights) and Hodge Howe are out of bounds unless supervised by staff.

37.FIRE PROCEDURES

Induction

There is a Fire Safety briefing for all boarders at the start of the year and a fire drill carried out each term. New boarders who join mid-year will receive an individual safety briefing. Tutors and visiting staff have procedure explained to them and the fire exits and House assembly points are made known. Fire notices are displayed in House. Fire procedures are practised regularly with drills carried out a term. Once a year a drill must be during bedtime hours.

Fire Marshals

The most senior member of staff on duty in the Boarding House is considered the Fire Marshal and is expected to lead on Fire Procedures should the alarm sound. This will normally be the Houseparent or Assistant Houseparent on duty.

What to do if the alarm is activated

- Boarders are expected to evacuate to the muster point, boarding staff should oversee that the evacuation is calm. Any persons with disabilities should be assisted to evacuate
- The Fire Marshal should go to the fire panel to identify the zone, they should go to this zone and see which sensor has been activated (the relevant sensor will be lit green or red). The Fire Marshall should use this information to ascertain if the fire is a false alarm or real.
- If found to be a real fire, the Fire Brigade must be called.
- If found to be a false alarm, the Fire Marshall attend the muster point. When all pupils have been accounted for, the Fire Marshall can give authorisation for persons to return to the building and then turn the alarm off.
- The Fire Marshal should send a report to Richard Hennah for all alarm activations.

Muster Points

Daytime (08:00- 22.00)

Tennis Courts

Overnight (22.00-08.00)

Westmorland House: Sixth Form car park in front of House.

Langdale: Pavement area in front of the House

Browhead: Outside the main front door

38.LOCKDOWN (SHELTER IN PLACE)

An attack or terrorist incident is highly unlikely. However, if required, the following guidance is given.

- Remain in the building you are in at the time the alarm is triggered.
- Lock external doors, turn off lights and close blinds and curtains.
- Go to a safe space, ideally a place that can be locked and without windows.
- Be aware of your exits, try not to get trapped
- Put your mobile phone on silent and keep silent until the all clear.
- Pupils will remain in their respective building until they are notified of the all clear. If possible, a register will be taken on SIMS by the most senior member of staff in the relevant building at the time.
- If gunfire is heard in your building, general advice is to run if possible or if not, hide and tell.
